Easy to fit, simple to approve.

1 Hold it in place

Check it is level and clear of any joints, cables or pipes.

2 Mark the holes

Mark through the two holes, or measure 172 mm between centres on a level line.

3 Drill and plug

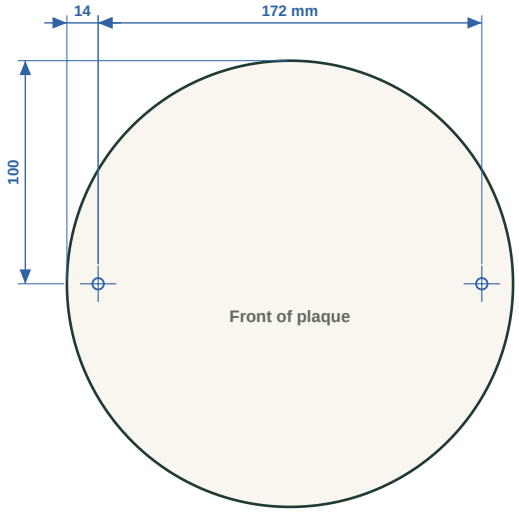

For brick or stone, drill and plug each hole. For wood, drill small pilot holes.

4 Fix the plaque

Screw it on firmly, without overtightening.

5 Add the caps

Cover each screw head with its decorative cap.

Hole positions, viewed from the front. Both holes sit on the horizontal centre line, 14 mm in from each side. Standard fixings are included. Tell us what you are fixing to, so we can check the fixing arrangement.
