| FIXINGS | Four domed cross-head screws, one in each corner, Ø5 mm heads colour-matched to the plaque. Ø3 mm holes, centres 7.75 mm in from each edge. Standard screw fixings included |
| BACKING | None: fixed directly to the surface |
| PRODUCTION | Estimated 5 working days after proof approval and payment |
| DELIVERY | UK delivery included |

PAGE 3 · FITTING AND APPROVAL

# Easy to fit, simple to approve.

## 1 Hold it in place

Centre it on the flat face of the backrest rail, level and clear of any existing bolts.

## 2 Mark the holes

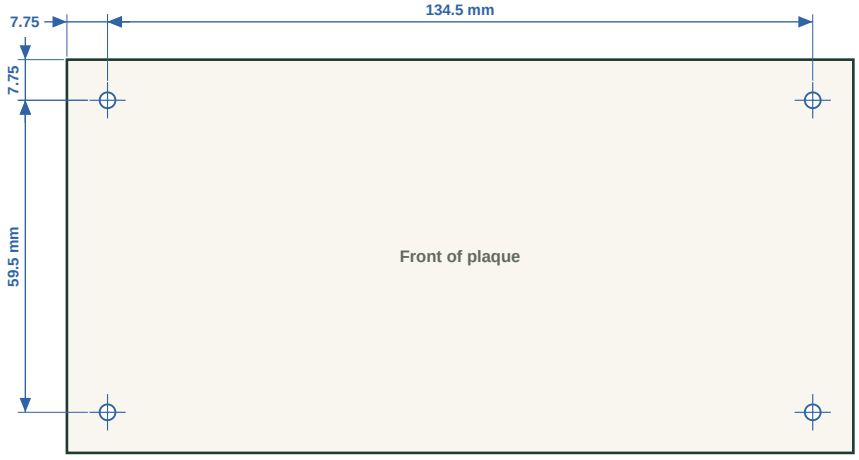

Mark through the four holes, or measure 134.5 × 59.5 mm between centres.

## 3 Drill pilot holes

For a timber bench, drill small pilot holes. Keep holes away from joints and edges.

## 4 Fix the plaque

Screw it on firmly, without overtightening, so it sits flat.

Hole positions, viewed from the front. Measure from the plaque's top-left corner. Standard screw fixings are included. Tell us what you are fixing to, so we can check the fixing arrangement.

HOW TO APPROVE

## Happy with your proof?

Reply “approved” on WhatsApp or by email, or tell us what to change. We’ll update the proof until it’s right.

**Your price and secure payment link go here**

1. Approve your proof
2. Pay securely by card
3. We engrave, finish and pack it
4. Delivered to your door, UK delivery included
